EIGHTH YEAR

SIDNEY, VANCOUVER ISLAND, B. C., THURSDAY, JULY 22, 1920.

PRICE FIVE CENTS

GARDEN FETE WAS SUCCESS

Very Successful Affair Held at the Crossley Grounds Last Monday.

The garden fete held on Monday last, "Peace Day," at the Crossley grounds under the auspices of the St. Andrew's Church organizations, proved a great success.

The weather was all that could be desired, and the ladies at the various stalls were soon sold out of all their wares.

"Aunt Sally" was the general favorite, and Mr. Geo. Cochran introduced his ancient relative in such a persuasive voice that he was as busy as a cranberry merchant.

Clack golf came in for a fair share of attraction, Leslie Deacon winning the prize for this event.

The hat trimming contest for men only was keenly contested and judging by the way some of the contestants went to work to cover up the hats the ladies may be thankful they were not called upon to wear this article of adornment. Mr. J. Crossley proved himself the best milliner of the bunch and was awarded the prize.

It proved impossible to arrange tennis matches for the day, much to the disappointment of those who attended. The baseball game also failed to materialize, which occasioned another disappointment.

The day's festivities was brought to a close by a programme of vocal and instrumental numbers, the following contributing: Mrs. McLean, Miss R. Matthews, Mrs. McGree, Miss M. Cochran, Mrs. J. Critchley, Mrs. Carmichael, Mrs. E. McAdams, Mrs. B. Deacon and girl members of the W. A.

The dance held in Berquist Hall in the evening was well attended, the music furnished by Heater's orchestra proving most satisfactory.

The committee responsible for the pleasures of the day are to be congratulated on the success of the affair, and there is no doubt their efforts will be rewarded by a goodly sum on the right side of the ledger.

L. O. D. E. REGATTA.

Last Friday afternoon the committee nominated by the Allies Chapter, L. O. D. E., met the Holy Trinity Ladies' Guild committee and decided to hold their joint regatta and moonlight dance at Deep Cove on Wednesday, August 25. There will be water sports, side show attractions, refreshments, and in the evening a dance will be held on the B. C. E. Ry. dancing platform. A very enjoyable time is anticipated.

Arrangements have been made with Mr. Stacey to take passengers from Sidney to the Sidnaway station to meet the north-bound trains. The fare for this service will be 20 cents for each passenger. Mr. Stacey will also operate his seven-passenger car to and from the picnic grounds. The fare for the round trip in this service, will be 45 cents for the round trip, providing a full load is carried each trip.

THE PASS LIST.

The following pupils have passed the recent examinations successfully their marks being as follows:

Keating—Marion I. V. Ferguson, 665; Eva V. Ambrose, 578.
Saanichton—Allida Newman, 676; E. Myrtle R. Malcolm, 632.
North Saanich—Thomas Munro, 590; Benjamin Readings, 562; Stewart Cox, 550.
Sidney—Edna Blackburn, 596; Walter E. Davis, 567.

ISLAND SERVICE.

It is understood that Mr. Harrup, of Victoria, will soon inaugurate a freight and passenger service between Sidney and the adjacent islands. The service will start about the beginning of next week, it is understood.

WILL HOLD DANCE.

The Sidney Lawn Tennis Club members will hold a dance in the near future at the home of Mr. and Mrs. J. Crossley.

Noted Scientist Died Last Sunday

Professor John Macoun, M.A., F.L.S., F.R.C.S., Formerly Dominion Botanist, Passed Peacefully Away; His Life Reviewed

Last Sunday morning at 1 o'clock, there passed to rest one of our best known and loved citizens in the person of Professor John Macoun, who had resided here for the past eight years. Professor Macoun had not been feeling well for a couple of days before the end came, and it was thought that he might rally, but all were prepared for the worst. He passed peacefully away, and the flowers of the field and forest will know him no more.

Everyone who had the pleasure of knowing the late gentleman became his friend, his genial disposition and sunny smile winning him warm friendships wherever he happened to be. He will be missed by all, and our fair country has lost one who has made her known throughout the civilized world for the many beautiful flowers which thrive along the bank and in the forests of the Dominion.

A life well spent has been brought to a close, but his memory, and the remembrance of his life work will remain as a monument to him for generations to come.

Amid the beautiful scenery of Patricia Bay, where the wild flowers are the first to show their beautiful colors in the early spring, and where the sun spreads its rays with almost a lingering tenderness, lies all that remains of this kindly gentleman and if the flowers and birds could speak we are sure they would express their regret that their friend of years would no longer be able to view their beauty and handle them with that gentleness which expressed his thoughts and actions during his entire life.

Around that grave will be found a profusion of wild flowers as if they rejoiced that he would leave them no more, that the presence of his earthly remains will console them for the loss of his smile and loving touch.

The remains of the late Professor Macoun were laid to rest yesterday in Patricia Bay cemetery, a large number of his friends paying their last respects to him. Many beautiful floral offerings were laid upon the casket, which seemed particularly appropriate, as the late Professor Macoun was a lover of the flowers of the field, among which he had spent so many years of his useful life.

The service at Holy Trinity Church yesterday morning was fully choral and very impressive, the Rev. Mr. Barton officiating. As the casket was being taken from the church the "Dead March" was played by Mrs. J. Critchley, who officiated at the organ.

The hymns sung were "Peace, Perfect Peace," "Rock of Ages," and "Nearer, My God, to Thee," and the 90th Psalm.

The pall bearers were: Dr. J. S. Plaskett, Mr. J. R. Anderson, Dr. C. E. Newcombe, Mr. F. Kermod, Mr. L. Adamson and Mr. W. F. P. Cope.

Mr. W. Macoun, of Ottawa, arrived here in time to be present at the funeral, Mr. and Mrs. Everall, of Victoria, came out from the Capital City to attend the funeral.

Review readers will miss the contribution which the late Professor Macoun made to the "Wild Flowers" Department each week over the signature of "Rambler." Always of a modest disposition, he requested that his real name remain unknown while contributing to the department and although many of our readers surmised that Professor Macoun was editing the department, it was not definitely known.

The Review extends its heartfelt sympathy to Mrs. Macoun and family in their loss, and hopes that the Divine Healer will send them peace and comfort in their hour of sorrow.

Born at Marathia, County Down, Ireland on April 17, 1872, he was a son of Ireland during the terrible lean years of the fifties, and at the age of 15 decided to come to Canada to try his luck in a new country.

For seven years he was on an Ontario farm and later his interest in natural history found scope as professor of Botany and Geology at the Albert University, at Belleville, Ont., from 1888 to 1879. In 1872 he was invited by Sir Sanford Fleming, the supervising engineer, to accompany him as botanist in a tour across Canada, in connection with the survey for the proposed Pacific railway.

Mr. Macoun's tour with Sir Sanford forms the theme of Principal George M. Grant's well known book "Ocean to Ocean." Dr. Arthur Moren of Halifax, and Charles Horetzky, an ex-Hudson's Bay official, accompanied the party from Edmonton, where Horetzky joined it. The Fleming party journeyed by way of the Yellowhead Pass, and after separating to explore the various routes to the coast, Mr. Fleming reached Victoria on October 9.

To Charles Horetzky was assigned the duty of examining a route by the valley of the Peace River, across the Rocky Mountains to the Omineca and to tidewater by the Skeena. With him was Mr. Macoun, and the latter in his report of May, 1873, gives an interesting account of the flora he noticed along the route from Lake Superior until he reached Stuart Lake when winter set in. This doubtless was the first occasion upon which the flora of Western Canada had been described by a competent authority.

Macoun returned via the Peace River route to Victoria, which he reached December 12, and thence via San Francisco to Ottawa, where he arrived January 8, 1873. Mr. Horetzky's report when he did get through to tidewater was adverse to the Skeena route.

During the winter of 1872, Professor Macoun occupied himself in collecting seaweeds along the south front of Beacon Hill park, Victoria, and his report was published as a bulletin of the Geographical Survey. This report was so acceptable that when published, Dr. Selwyn, then director, decided to secure the professor for an exploration of the Peace River District.

In 1875 Professor Macoun left with Dr. Selwyn for the proposed expedition, and reached Victoria, en route in May, when he collected spring flowers here for the Barber at Ottawa. The party left Victoria by boat for Yale, then by the Cariboo road to Quenel. They had a pack train of 40 horses and took six months' provisions across to Fort McLeod. They had three boats fitted up, and proceeded down the Parsnip and Finlay rivers. They then followed the Peace to the portage at Hudson's Hope, and on the other side of the portage built a raft, and floated down to Dunvegan. On the way to civilization their provisions ran out and Professor Macoun at last died from hunger, fortunately within eight miles of Fort Chipewyan.

He came upon an Indian who gave him fish and potatoes. At the station in Northern Alberta, which are now on the frontier of civilization in that province he collected various specimens of cultivated plants, and was able incidentally to assure a half breed that cucumbers were good to eat—the man had grown them with out knowing what they were, and then he proceeded to Ontario with out incident.

Four years later, in 1879, he was sent by Sir Charles Tupper to the Northwest to make some observations, and then began the collection of data upon which the "Catalogue of Canadian Birds" from his pen, and the standard authority on the subject is based. The summer of 1879 and 1880 were spent on the prairies, Sir Charles having sent out ten parties to examine the country and ascertain its possibilities. Professor Macoun was actively engaged in those two years, and in 1881 spent a considerable time in both prairie and Manitoba. In that year he met James J. Hill, the railway builder, at

(Continued on page 2)

MANY STEAMERS CALLED HERE

In a recent interview with the local customs officer, Mr. J. J. White, the secretary of the Sidney Board of Trade learned the following interesting shipping news relative to this port.

Early in this month the steamship Cascade loaded at James Island a full cargo of explosives for Bolivia and Chile, via Dupont, Washington; also during the following week the steamship Westham, for the same, and the steamship Morning Star, for Bolivia, Chile and Peru with explosives.

Last week the American barquentine Alta, 1,262 tons, of San Francisco, entered this port and is now at Genoa Bay loading a full cargo of lumber for South Africa. She will be in these waters about two weeks and during that time will have Mr. S. Lorimer, customs officer, aboard. The steamship Canadian Importer, 3,400 tons, cleared this port from Grace Bay with a cargo of lumber for Melbourne, Australia.

LODGE FORMED.

Mr. J. W. Barker, of Victoria, the hustling organizer of the A. O. U. W. of B. C., has been successful in securing a sufficient number of applicants for membership in the above order to enable him to submit the petition to the Grand Master for a charter, which has been granted. Anyone wishing to place their names on the list as charter members may do so by notifying Mr. J. Roberts or Miss M. Perry.

MEETING OF GAME BOARD.

A meeting of the Game Conservation Board takes place today in the Maple Room of the Parliament Buildings, Victoria, the local delegates being Mr. C. Moses, president of the Sidney Rod and Gun Club, and Mr. J. J. White, secretary. The local delegates will ask and press for a close season for pheasants and Hungarian partridges an earlier season for blue grouse, and that the quail season open September 1.

SIDNEY TEAM WINS ONE MORE

Sidney Again Triumphs Over Capital City Team By a One-Sided Score.

On Saturday last in a very one-sided game, Sidney lacrosse team lowered the colors of the Victoria team on the local grounds. Third street. The city team was a pick-up one and contained a few stars. Sidney was able to lay off some of her best men and then win with ridiculous ease. So far this season Sidney has only lost one game, that to the Mann Cup team in Victoria early in June, and it looks as if they could take into camp the pride of Victoria. It seems too bad to see a team of Sidney's calibre go to seed through want of nourishment in the way of competition. Efforts are being made, however, to get the all-Island league going this year, but so far nothing definite has been settled, though tentative arrangements are being discussed for a Sidney-Victoria home and home series. Lacrosse needs every encouragement from the fans as owing to the high cost of lacrosse equipment not many new players are being brought out.

The game on the Mainland is booming, professional, Mann Cup, senior city and intermediate league are going great guns and drawing big crowds, both in Vancouver and New Westminster, and it is to be hoped a revival will take place on the Island.

RELIEF FUND DANCE.

The dance in Berquist Hall recently in aid of the Jewish Relief Fund, which was arranged by the children's sub-committee, netted the fund \$19.25, the expenses being \$5.00 for rent of hall, and \$2.50 for printing. The committee wish to thank Miss Dorothy Roberts for furnishing music for the dance. Miss Roberts not only gave her time to help along the good cause, but paid her own traveling expenses.

The children are to be congratulated on their energy and eagerness to do their bit for the Jewish Relief Fund.

SPLENDID STRAWBERRY CROP

Capt. J. E. C. Wood, of "Fragaria Farm," Keating, reaped over \$4,000 worth of strawberries from his two and one-half acres this year. In one day eleven pickers gathered one hundred and ten pails, and the next day gathered sixty-seven pails full off the same patch.

OVERHAULING TELEPHONES

Mr. E. R. Horwood, of the Government Telegraph Department, has been in Sidney for the past few days overhauling the government telephones from Swartz Bay to the Islands. Mr. Horwood has his headquarters at Sooke, where he has charge of the exchange, his territory extending to Jordan River. While here he was a guest at the Sidney Hotel.

MR. SPRINKLING IN TOWN.

Mr. "Bert" Sprinkling, who now operate two logging camps, one at Pender Island, and the other on Salt Spring Island, was on Sidney on Tuesday last. Mr. Sprinkling is now taking out about 100,000 ft. per month. He has recently purchased a second Cleveland tractor for work in his logging camp on Pender Island, having taken the first tractor to Salt Spring Island about six weeks ago.

Do you want anything? Try a Review classified ad.

NEW BATHING HOUSE.

The Beach Committee, one of the most energetic bodies of Sidney, are pleased to state that the new bathing house for boys has been completed and is now ready for use. A spring board has also been added to this latest convenience, which will no doubt be much appreciated by the boys. The building is 12 ft. by 24 ft., and will provide ample room for the boys.

The committee also reports that the beaches have been cleaned up, much of the debris and quantities of stones having been removed. The committee are to be congratulated upon the completion of this work.

WHO IS GOING?

The members of the Board of Trade who wish to make the business trip to the Islands next Monday are requested to notify the secretary as soon as possible. The launch will leave the Sidney wharf at 2 p.m.

ONE MORE WIN WILL DO IT

Shamrock IV, at the time we go to press, has won two races for the America's Cup. Another race will take place today providing there is sufficient wind. The Shamrock has to win only one more race to win the series, it being the best three out of five races. In the race yesterday Shamrock led by one second, plus the time at allowance of seven minutes one second, thereby losing by seven minutes and two seconds. Sir Thomas Lipton is quite confident that his green racer will lift the cup this year.

SITE OF PEACE ARCH.

Messrs H. W. Bassett, Mr. Goldsmith, Sol Cameron, Thos. Withers and A. W. Watson, of Victoria, passed through Sidney en route to White Rock, where the party went to look over the site of the proposed arch to be built at the international boundary between White Rock and Blaine, Wash., to celebrate the one hundred years of peace between Great Britain and the United States. Mr. Bassett is giving his services and is in sole charge of the construction, being the representative of the Canadian and United States governments. The arch is to be 58 ft high and two columns with a 60 ft span and will be in sight of the G. N. Ry., and also from the wharf, and is to be built on the Pacific Highway.

The party made the trip from Sidney in the gasoline launch The Wabash, which is owned by Messrs. McDonald, Watson and Withers. Mr. Sol Cameron is in charge of the work, under the supervision of Mr. Bassett, thus assuring a complete and efficient work being done.

ROADS BEING REPAIRED.

Considerable work is now being done on the East Road and Beacon Avenue. A light 40 per cent oil being sprinkled by the government after which a light binding is put on. About ten days later, after the oil has dried in a heavier oil, to 80 per cent asphaltum is then poured on and a heavier binding of screened sand on top. This will secure a permanent, and a well-nigh perfect road ought to be the result. The hole and depressions are all filled up and levelled off. When completed this road to be one of the most popular ones out of Victoria, and to be of great benefit to the automobile and truck drivers, and to the horse-drawn vehicles. The work is being done under the direction of Capt. Campbell and R. C. Macdonald.

PRIZES AWARDED.

The Dominion Day Sports Committee, after investigating T. Peden's protest in the Victoria-Sidney bicycle race against D. M. Allan, the first to cross the tape, decided after getting voluntary evidence from interested spectators along the line of the race, to uphold Mr. Peden's protest, and award him the first prize, a silver cup. The second prize, a chair presented by Messrs. Weller Bros., of Victoria, was awarded to Mr. C. Patterson; the third prize, an auto pump, donated by the Motor Supply Company, of Victoria, to Mr. C. Staples, and the fourth prize, a fountain pen, to Mr. Leslie Deacon, of Sidney. The fifth prize will be awarded later.

SIDNEY BALL TEAM WINS.

The Sidney baseball team tackled the redoubtable Indian team of Saanich, and though short of some of our local stars, had no great difficulty in winning from the husky Braves by a score of 11 to 6.

In baseball as well as lacrosse the local teams have suffered some severe disappointments owing to games being cancelled at the last minute and in consequence the boys have lost some of their "pep" but when the proper competitors show up the "home brews" will no doubt be up to form once more. Nothing discourages and disorganizes young athletes more than a lack of opportunity to show their wares.

OFFICIALS COMING.

Hon. Dr. Read of Ottawa and Mr. D. B. Hanna will be in Victoria early next week. The Victoria Board of Trade will take up several matters with the officials during their stay.

Tell the next time you saw him in The Review.

DAVID SPENCER, LTD.
VICTORIA, B. C.

Saturna Island

July 15, 1920.

This summer weather has lured many gay parties from their homes out upon the sea. But those who set out last week-end got a disappointment and a drenching, although the following days were very fine.

Mr. W. Adams spent last week-end on Saturna, with a large party of Californian friends on board his yacht Truant.

Colonel Andros, of Victoria, who is out on an all-summer cruise, on board his launch the Spartan, spent several days here last week. He was accompanied by his two daughters, and Miss de Pencier.

The yacht Saturna, owned by Mr. F. J. Pratt, Esq., of Widdby, U. S. A., passed through here Sunday on the way to Princess Louise Inlet. Mr. G. Payne, from this island, accompanied them. They expect to cruise north for a week or more.

Mrs. E. Maude, of Mayne Island, is spending several days as the guest of Mrs. H. D. Payne.

The Rev. H. Drummond, who for some time past has been living with his brother on Samuel Island, left last week. He has taken over a farm on the Upper Squamish and will reside there in future.

Mrs. Hammett, of Victoria, is the guest of her sister, Mrs. R. McLeod, of Deep Bay.

Mrs. A. Reid, and her small children, have been spending several weeks visiting her father and brother on this island.

The engagement has been announced of Miss Ruth Updegraff, of San Francisco, to George A. Maude, eldest son of Captain and Mrs. D. Maude, of Point Comfort, Mayne Island.

The recent wonderful display of lightning seen here the other day, called forth much admiration, and some places consternation. It is not often that forked lightning is seen here; the display in the evening was like wonderful fireworks, and the sheet lightning illuminated the whole place all through the night. The thunder, which accompanied the lightning, relieved to some degree the very oppressive heat which had been almost overpowering.

The first really big boom of logs from the camp of Horth and Brennan is expected at the Saturna mill tomorrow. This boom contains about 140,000 feet. Several of the logs are gigantic in size. One tree was felled last week which measured eight feet through at the butt, and perfectly sound throughout. We prophesy that sawdust and shavings will fly next week.

West Saanich W.I.

The West Saanich Women's Institute held their regular monthly meeting at the home of Mrs. W. O. Wallace, Brentwood. After business had been disposed of Mr. H. T. Ravenhill very ably addressed the meeting on the Navy League, stating what benefit the boys derived from the league. If they do not care to go to sea the discipline makes good citizens of them. Many of the boys are being placed on steamers as cadets and doing well.

It has been decided that there will be no card parties held during the months of July and August on account of the heat.

The garden party held on the beautiful grounds of the Misses Tolmie, Cloverdale avenue, was a great success, although the attendance was not so large as anticipated. It is a matter for regret that more people did not take advantage of the opportunity to help so worthy a cause. Those present enjoyed themselves immensely, and the different stalls did a brisk business. One stall deserves special mention. A toy train running around a huge mountain delivered parcels from some point on the other side of the mountain for the small sum of 10 cents. It is needless to say the train was kept busy not only by the kiddies, but by the grown-ups as well. Among them were noticed three well known members of the West Saanich Institute, Mrs. Guy, Mrs. Wallace and Miss Guy, who were taking a keen pleasure in receiving the little packages and opening them.

Mr. and Mrs. J. H. Allen, who had been visiting Mr. and Mrs. Murray, of Brentwood, have left on their return trip to Venn, Bask.

Mr. and Mrs. Wallace and family, of Victoria, were guests of Mr. and Mrs. Murray, of Brentwood, Sunday afternoon.

Capt. H. J. Thompson, of the Royal Canadian Mounted Police, is expected to be here for a short time on Sunday.

The Guild of St. Mary's and St. Joseph's will not hold any meeting during July and August.

West Saanich

Mr. and Mrs. W. F. Pitzer and family spent Sunday with Mr. and Mrs. L. Thomson.

Mr. Geo. Florence, of Victoria, visited friends in Saanich on Sunday afternoon.

Miss C. Creeber, of New Westminster, is spending her holidays with Mr. and Mrs. J. H. Sluggett.

Mrs. Hatt, of Victoria, was the guest of the Misses McDonald, Brentwood Road, on Sunday last.

Mr. and Mrs. Nicholls, of Victoria, spent Sunday at the home of Mr. and Mrs. J. Stewart.

Brentwood Bay is a very popular rendezvous, not only for those who are fortunate enough to have homes or camps in that vicinity, but also for the people of the surrounding district. Scarcely a day passes that does not see some happy family having a basket picnic on the beach, and in the evening the boys and girls assemble there to enjoy the swimming. Many of the young people are becoming quite expert in the art of swimming and diving, and there is no more healthful exercise or no happier way to spend the long summer evenings.

A concert is being arranged for July 28. This event will take place in the West Saanich Hall and the funds will be in aid of the Jewish Relief. Refreshments will be served.

Mrs. W. O. Wallace assisted Miss Tolmie in the booth devoted to fancy work and plain sewing at the garden party which was held at Cloverdale on Saturday afternoon. Other representatives from the West Saanich W. I. were Mesdames Guy and Murray.

Mr. J. Pitzer is spending a week's holiday with Mr. and Mrs. Thomson.

Mr. and Mrs. R. W. Sluggett and family have recently moved to their camp at Sluggett's beach, where they will spend the remainder of the holidays.

Mr. and Mrs. F. W. Sluggett have been occupying their summer home for some time and they have two well equipped camps, both of which are rented to people from the city.

The steamship Gray, Capt. Billington, of Victoria, called in port last Tuesday after unloading 50 tons of bone meal at James Island. From here she went to Union Bay to load her bunkers with coal before starting north for Queen Charlotte Island and northern points.

GOD GAVE HERBS TO RELIEVE SUFFERING

No person should despise the lowly herb, for it is the Creator's gift to the world for the relief of suffering. The roots, stalks, leaves and blossoms possess medicinal properties for the relief of disease such as are found in no other work of Creation.

Every reader is familiar with the use of herbs in the early days of British Columbia. Every home was stocked with simple herbs and their use in case of sickness saved the day many a time.

The most striking instance of the value of herb remedies is given in the case of Wonder Health Restorer. This preparation, while sold in all drug stores, differs widely from ordinary remedies. It is a true Nature remedy in that it contains not a trace of alcohol or drugs. It depends solely for its work upon the action of the herb juices of which it is composed for the treatment of the blood and diseases existing in the various organs. It represents the life work of one of the world's greatest herbalists and is a treatment no sufferer from disease can overlook.

All over the world the name of Wonder Health Restorer is known. Thousands state that it has given them relief in cases of Asthma, Rheumatism, Stomach trouble, Nervous complaints, Kidney disease, Skin troubles, Piles, etc. In many of these cases the ailment was present in very acute form and the sufferer tried Wonder Health Restorer after all other forms of treatment had failed. No person can question the honesty of the persons whose testimonials are recorded in "The Road to Health," a booklet which can be obtained from your local druggist. Get a copy and read it through. If God has blessed you with good health, pass it on to a friend who may be suffering.

Arrangements have been made for the distribution of Wonder Health Restorer in Sidney at Lesage's Drug Store. Call and get a copy of the booklet and inquire concerning this unequalled preparation, which has made a new record in the successful treatment of human disease.

"There's the Telephone!"

Promptness in answering the telephone is a mark of courtesy shown the caller. It is also a help to the operator, for it enables her to complete the call and to give her attention to others.

Telephone calls should be answered promptly, for some times the calling person does not wait and "hangs up." If this happens, the subscriber who has been called should not blame the operator when she asks him to "excuse it, please."

B. C. Telephone Company

Need Anything

in the drug line just now? Plenty of Moth Balls and tar flakes are a necessity for storing away the winter things until fall. Peroxide is always useful in emergencies, for cuts, burns, wounds, etc. A good disinfectant like Kresol will be found valuable around the house, barn, outhouses, etc. All drug supplies here at fair prices.

ALBERTA MARKETS

(From the Market Examiner, Calgary, July 16)

CATTLE

Cattle of better than the ordinary quality were on the Calgary market at the end of the week and the prices are quoted somewhat higher with the best steers at \$11.50 and the top on cows \$9.75, but full loads brought these prices. The best steers are quoted from \$11 up and the choice cows \$9.75 up, and the market on this class is brisk. There is not much butcher demand for the steers that are not really good, but the lighter weights have been well taken as feeders, though prices on these were lower, with the feeder steers from \$9.50 down. Good grass cattle may be coming on the market very soon now and it is a good time to watch carefully. Veal calves have been selling considerably better and the range on them from \$11 to \$13.75. Not many bulls offered and the market slow. Receipts for the week were light.

Edmonton market is showing considerable stability and the prices on beef and stocker cattle are firm, with last week the best steers quoted from \$11 to \$12, and the best cows \$9 to \$10. The appearance of some stock now coming on the northern market indicates that a little more finishing would be beneficial. There is a good demand for stocker cattle and the Edmonton yards are supplying quite a wide territory, with the best buying coming from the central portion of the province. Feeder steers are quoted from \$8 to \$9.50, and stocker heifers \$6 to \$7. American buyers are on the ground to pick up heavy feeders for shipment over the line, but so far they have not been able to get any at an attractive price. Rough heavy beef is scarce and the bulls sold have only been bringing around \$5.25. Best light veal calves are worth from \$12 down.

HOGS

There was keen competition for a time during the week and hogs were advanced from last week and close up to \$18.90, but this did not last and yesterday the price was down again to \$18.75. There were not many offered this morning and the price was \$18.75.

The hog market at Edmonton has been holding steady, with sales around \$18.50.

SHEEP

There were a few sheep sold yesterday at Calgary; lambs made \$13, wethers \$10, and ewes from \$7 to \$9.

Lambs are quoted a little stronger at Edmonton, and there is a better demand for sheep.

HORSES

Very little doing in horses and quotations are hard to make as buyers are very scarce. With the general favorable prospects from a crop point of view and a good supply of feed, it would certainly seem that the market this fall should be something worth while. The few buyers who are in the market for heavy horses of superior quality will pay up to \$500 for them, but there are no few handled that it can hardly be called a market. Light horses are selling for any old figure.

GRAIN

The feature of this week's market was the resumption of trading in wheat for future delivery in the American exchanges. Other grain prices have been grading lower for cash deliveries and oats have been considerably weaker for the past few days and with the favorable crop prospects all over the Canadian west it will be hard to start any bullish movement.

PRODUCE

Eggs are in brisk demand in Alberta and prices are advanced this week and most quotations around \$13.50. Some of these are for storage but most of them being put into immediate use. Milk and cream production is still heavy, and the creameries and cheese factories are reporting heavy receipts. Butterfat prices are unchanged. Creamery butter prices unchanged. Dairy butter is in firm demand and straight receipts worth from 36c to 41c and fancy table butter 40c to 42c. Old crop spuds are unchanged in price and will, from all appearances, meet requirements until this crop comes in. Some shipments of old hens and roosters are being made to the markets and bringing good prices; hens from 23c to 25c, and roosters 17c to 23c.

Dairy butter is in good demand in the northern part of the province and straight receipts are worth from 42c to 43c. Creameries are reporting good receipts, and shipments of butter are being made to the coast and considerable storing going on. Market prospects are considered somewhat uncertain owing to the possible competition in the coast market of New Zealand butter. Eggs have been selling higher on the northern markets, and quotations are up in some cases to \$13. Some fowl is coming on the market, but receipts light; no broilers offered yet.

WOOL

No change in the wool situation and eastern advices are still that it is advisable to withhold sales for a time.

HIDES

Market is very quiet and prices are still quoted from 7c to 10c on beef hides; kip skins 9c to 10c, and calf skins 13c to 15c.

Tod Inlet

Lady Barnard and Mrs. Robertson, of Victoria, were entertained at luncheon on Friday last by Mrs. R. P. Butchart.

Reeve Watson, Clerk Cowper and members of the Saanich council were the guests of Mr. R. P. Butchart on Thursday last. After a motor drive along the cement highway to Colwood they returned to Tod Inlet, where they spent a pleasant time viewing the beauties of the well kept gardens. They were then escorted to the house where they were served with afternoon tea. After a pleasant hour of friendly discussion they bade good bye to their kind host and hostess.

Mr. John D. Rockefeller, Jr., and wife, were the guests of Mr. and Mrs. R. P. Butchart on Saturday afternoon.

Mrs. Satterthwaite and daughter, Lillian attended a picnic in Mouna Douglas Park on Saturday afternoon. Mrs. F. Pike entertained a number of guests on Friday last.

Mr. and Mrs. H. L. Knappenberger and family attended the garden party at Cloverdale on Saturday afternoon. They were accompanied by Mrs. Carr, Mrs. Parsell and Miss Patricia Newlands.

Mrs. J. Johnson and daughter visited friends in Tod Inlet on Monday last.

The Princess Ena arrived from Alaska on Wednesday with 3,000 tons of gypsum for the B. C. Cement Co.

A shipment consisting of 3,000 barrels of cement was recently sent to South Africa by the B. C. Cement Co.

BURIED AT SHADY CREEK

The funeral of John Robt. Gunn, the little son of Mr. and Mrs. Donald R. Gunn of Saanich, took place last Tuesday afternoon from the Thompson Funeral Chapel at 2 o'clock. Rev. Thos. M. Leed officiating and the floral tributes were very beautiful. Interment took place in Shady Creek Cemetery, Saanich.

The following were pall bearers: J. Alton, A. P. Frost, J. Brown and W. H. Norman.

James Island

Some very close and interesting tennis matches were played on the Island on Saturday last when the Kingston Street Club from Victoria brought over some of their stars.

Luckily the weather, which had been rather dull in the morning, took a change for the better and the fine warm sunshine greatly added to the pleasant afternoon.

The Victoria club carried off the honors by taking eight matches out of fifteen, most of their wins being in the mixed doubles. The total score by games was: Victoria, 90; James Island, 75.

The results of the individual matches follow:

Mixed doubles: M. L. Parkin and Lambie (Victoria) defeated Mrs. Nebel and Pearson (James Island) 6-5.

Miss Dudgeon and Swayne (Victoria) defeated Mrs. Walley and Brown (James Island) 7-4.

Miss Parkin and Lambie (Victoria) defeated Mrs. Walley and Brown (James Island) 9-2.

Mrs. Gardner and Gardner (Victoria) defeated Mrs. Nebel and Pearson (James Island) 6-5.

Mrs. Garvie and Williams (James Island) defeated Mrs. Gardner and Gardner (Victoria) 7-4.

Miss Dudgeon and Swayne (Victoria) defeated Mrs. Garvie and Williams (James Island) 7-4.

Ladies' Doubles: Mrs. Garvie and Mrs. Nebel (James Island) defeated Mrs. Gardner and Mrs. Dudgeon (Victoria) 6-5.

Mixed Doubles: Wolcott and Williams (James Island) defeated Griffiths and Macready (Victoria) 7-4.

Wolcott and Williams (James Island) defeated Swayne and O'Halloran (Victoria) 8-2.

Lambie and Gardner (Victoria) defeated Brown and Richardson (James Island) 7-4.

Byrnes and Pearson (James Island) defeated Griffiths and Macready (Victoria) 6-5.

Byrnes and Pearson (James Island) defeated Swayne and O'Halloran (Victoria) 6-5.

Griffiths and Macready (Victoria) defeated Brown and Richardson (James Island) 7-4.

Swayne and O'Halloran (Victoria) defeated Brown and Richardson (James Island) 10-1.

Tea was served at the court by the ladies of the local team and the visitors, who declared they had enjoyed a delightful afternoon, left on the Monobel at 9 o'clock.

Jottings.

The picture show on Wednesday night was a decided treat, and was witnessed by a crowded house. Great credit is due those who have spent much time in organizing this form of pleasure here.

The cricket team is still practicing hard. If they don't get a game soon the pitch will be taken over by the small boys as a skating rink.

Silence reigns supreme these nights. Last Saturday about sixty girls and men left for their homes as there was no more work for them to do. We have noticed some of the boys have got into the habit of walking around talking to themselves in the evening. About all they can say is "Where is my 'Powder Puff'?"

Everybody is blackberrying these days. One would almost think that this was one big jam factory by the smells that float around in the evenings.

One of those smart guys you often see but seldom read about came to my room the other evening just as I was about to set my mind to serious thought and start my "copy" for this week's paper. Poking his head through the door he inquired with one of those "I'm sorry to trouble you" looks on his face, if I could please let him have a couple of sheets of lazy dog. Naturally, at being asked such a question, I was a bit afraid of him and promptly put the paper aside and a pair of scissors in my pocket. Then with a voice as stern as I could make it, I asked him what a sheet of "lazy dog" could be.

He smiled one of those "I've got another one-biting" smiles, and immediately took possession of the stenographer's chair. "Well," he said, helping himself to my last

"I Wonder Would It Help Me?"

THIS question has been no answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

cigarette, "a lazy dog is a slow pup, isn't it?" Of course I agreed. As a matter of fact I was darn glad to agree with him and relieve the agony. "Then," he continued, "a dog up is an inclined plane, isn't it?" "Yes," I answered, still wondering whether to throw him out or go myself. His grin increased about thirty eight per cent, as he said, "Well an ink lined plane is a piece of foolcap, and that's what I want to figure out my laundry bill on. I thought the Chink did use out of 25 cents last week. Yes, he got the foolcap, alright—a whole packet of it—right where the foolcap ought to have been and retired while I was still wondering what in the world I was going to write my new column for the paper.
